

PHOTOGRAPHY & VIDEOGRAPHY POLICY

- Mindful meeting & event photography and videography approvals are made on a case-by-case basis at Miraval Resorts & Spas. A photography agreement would need to be signed between the Resort General Manager and the contract signer of our group meeting & event or associated legal representative. The following provisions are standard throughout all agreements:
 - No exterior filming will be granted (outside of a private event room)
 - No inclusion of any Miraval or Hyatt marks (trademarks, logos, signage) will be granted
 - No guests and/or colleagues will be granted to film due to our privacy and confidentiality policy
- If a mindful meeting & event client would like to film within a private event room, excluding our marks and signage, excluding any/all guests and colleagues for their own internal company use (not for commercial use); the General Manager of the specific resort will need to offer a customized agreement titled: Location Agreement FKA Filming No Miraval Mention/No Marks. Please request this through your Sales or Event Planning Manager and allow enough time to process this between each company's legal team.
- For all other inquiries, including filming outdoors on campus for commercial purposes, you can send your inquiry to the Miraval brand marketing team at marketingteam@miravalresorts.com. Please note, as a general policy, we offer very limited photography/videography at Miraval Resorts & Spas due to the confidentiality we offer our offering and guests. However, if a paid exchange is granted, both companies agree to sign a Hyatt Filming Agreement, Talent Agreement, and/or TM Authorization Agreement. No legally accepted changes will be granted on this Hyatt-issued set of agreements.
